* Die eksperimentele item is nie so streng en formeel soos die ander items nie. Die toespraak moet steeds beredeneerd wees. Bronne is nie 'n vereiste nie, en sprekers word aangemoedig om hul eie toesprake te skryf, met hul eie standpunte, ondervinding en opinies.

* The experimental item is not as strict and formal as the other items. The speech must still be argumentative. Sources are not a prerequisite, and speakers are encouraged to write their own speeches with their own arguments, experience and opinions.
